

GARDEN HOMES ROOMMATE MATCHING FORM

It is the policy of Highlands Plantation Management to help you find a compatible roommate(s) should the need arise. Everyone has different personalities, work, study, dress, sleeping, social and housekeeping habits. Some smoke and drink while others do not, some are neat and others are sloppy, some are loud while others are quiet and all of these qualities should be addressed when considering roommate matching. We make every attempt to find suitable and compatible roommates. Once we have a possible match, you are given the possible roommates name and address for you and them to interview each other.
